PROFILE

Creative professional moving into project management and Agile delivery. Five years of experience in high-volume cross-functional creative work and large-scale brand initiatives, owning projects from brief through revisions to final delivery.

EXPERIENCE

Cloudflare / Brand Designer / 2022 — 2026

- — Helped guide the new illustration look and feel introduced through the 2023 brand redesign.
- — Designed a magazine and supporting visual system from concept through final production.
- — Owned projects from creative brief and concept development through revisions and final delivery.
- — Completed hundreds of cross-functional design requests and collaborated with external creative agencies.

Area 1 Security / Junior Designer / 2021 — 2022

- — Created brand and visual design across digital, marketing and communication materials, including corporate website experiences.

Relaymile / Graphic Designer (Internship) / 3 months

- — Developed visual design and creative materials across digital and marketing applications for a logistics startup.

Freelance / Designer / Ongoing

- — Brand, illustration, editorial and digital design for independent projects and clients.
